MODEL HOME • 15 HARRIER STREET | ROSE II

You're sure to fall in love with this two-story plan that has 5 bedrooms, 4 baths, a study, and a 3-car garage! The layout puts real living on both floors: the primary suite, a second bedroom, and a study sit downstairs, with 3 more bedrooms upstairs alongside a game room and a separate media room, so there's a movie setup and a hangout space above the main floor both. The home sits on an interior lot in Mockingbird Hills. Vaulted ceilings lift the main living space, and large windows pull extra light into the plan. The family room centers on a stacked stone fireplace running to the ceiling. The all-electric Deluxe Kitchen carries quartz counters, custom Shaker cabinets, and under-cabinet lighting along the run, laid out around an island. Solid surface flooring runs through all the bedrooms and main areas — a clean, consistent look with no carpet to maintain. In a smart touch, the utility room connects directly through the primary closet, so laundry goes straight from the closet to the wash without crossing the house. Window coverings are already hung throughout. Outdoor living runs front to back with a covered porch and a covered patio, giving you shade on both ends of the house, and a lighting system keeps the elevation lit after dark. The 3-car garage handles vehicles, storage, or a workshop. Gutters and a full package of energy-saving components come standard, at no added cost, the same as every home Bloomfield Homes builds. Call or visit Bloomfield Homes at Mockingbird Hills in Joshua to tour the Rose II and see what's available.
