The refrigerator, washer, and dryer are already included, taking 3 big purchases off the move-in list. Bloomfield Homes' Cypress pairs that practical bonus with 3 bedrooms, 2 full baths, a study, game room, and 2-car garage in a one-story design on an interior lot in Silo Mills. The kitchen brings everyone into the conversation with an island, breakfast bar, and an open connection to the dining and family areas. Granite counters and upgraded cabinetry add a finished look, while a gas range, electric oven, microwave, and dishwasher cover the cooking and cleanup. A walk-in pantry keeps supplies close. Laminate flooring connects the shared spaces, leading to a woodburning fireplace with a gas starter, raised hearth, and stone extending to the ceiling. The breakfast area features a window seat, and the covered patio adds another gathering spot with a gas connection for grilling. The primary suite occupies its own section of the plan, with a window seat, walk-in closet, and bath featuring dual sinks, granite counters, a garden tub, and a separate shower. Two secondary bedrooms sit along the rear hall, each with a walk-in closet, and share a full bath with dual sinks and a tub and shower combination. The nearby game room provides space for hobbies or a second seating area. Near the foyer, double doors enclose a study that keeps work separate from the open living spaces. Brick and stone, a brick-finished front porch, and an 8-foot front door give the exterior a substantial presence. Landscaping, a sprinkler system, and a fenced backyard complete the setting.
