One less appliance to shop for: the refrigerator is included alongside upgraded Professional Series appliances. Bloomfield Homes' Violet IV brings 4 bedrooms, 3 full baths, 1 half bath, and a 2-car garage to a two-story layout on an interior lot in Silo Mills. The kitchen keeps preparation connected to conversation across an island facing the family room. Quartz counters add a polished finish, with gas cooking, an electric oven, and a microwave completing the cooking setup. A walk-in pantry keeps ingredients and supplies close. The adjoining dining area sits beside rear and side windows and opens to the covered patio, where a gas connection makes a future grill setup convenient. In the family room, a gas log fireplace with stone reaching the ceiling creates a dramatic focal point. The primary suite occupies the rear of the first floor, with a window seat and a bath featuring dual sinks, quartz counters, a garden tub, and a separate shower. A walk-in closet completes the suite. Near the entry, double doors enclose a study, and a powder bath serves the shared spaces. The second floor gives recreation its own territory with a game room and a separate media room with added doors. All 3 secondary bedrooms are on this level, along with 2 full baths featuring quartz counters and tub and shower combinations. A bench near the laundry and garage entry provides a useful landing spot. Brick and stone, a brick-finished front porch, and an 8-foot front door give the exterior a substantial presence. Landscaping, a sprinkler system, and a fenced backyard complete the setting. Visit Bloomfield Homes' Silo Mills model to explore this Violet IV. *Photos are a representation of a finished product.
