With a refrigerator, washer and dryer included, settling in comes with fewer items on your shopping list at Bloomfield Homes' Hawthorne II in Silo Mills. This two-story design features 4 bedrooms, 3 full baths, a private study and a 2-car garage on an interior homesite. A vaulted ceiling gives the family room an airy presence, while windows along the exterior wall bring light into the connected gathering spaces. The kitchen keeps conversation flowing across an island and breakfast bar, with a gas range, vent hood, microwave, dishwasher and walk-in pantry supporting everything from quick breakfasts to weekend cooking. The adjacent breakfast area includes a window seat and leads to a covered patio with a gas stub for outdoor meals. Double doors enclose the front study, giving work or creative projects a room of their own. The main-level primary suite stretches into a sitting area with a window seat, and its bath pairs dual sinks and quartz surfaces with an enlarged shower featuring dual rain showerheads. A walk-in closet completes the retreat. Across the hall, 2 secondary bedrooms share a full bath upgraded with dual sinks, quartz surfaces and a shower in place of the tub. The upper level brings a change of pace with a game room, fourth bedroom and full bath, keeping another gathering space separate from the main living area. Laminate, carpet and tile flooring provide a mix of finishes throughout. Brick and stone, an 8-foot front door and a covered porch create a welcoming arrival, complemented by landscaping, sprinklers and a fenced yard.
