Move-In Ready

Tucked into a quiet Kaufman neighborhood, 3621 Jordan Dr blends classic charm with modern energy in Bloomfield Homes' Violet IV plan. The moment you arrive, the stately brick exterior and oversized 8' front door make a bold first impression, while the deep front porch offers a warm Texas welcome. Step inside and you'll find a light-filled interior that opens up beautifully—wide hallways, soaring ceilings, and clean lines give the entire home a fresh, contemporary vibe. The Family Room is anchored by a wall of windows and flows effortlessly into the Kitchen and Dining areas, where stylish quartz countertops, a sleek tile backsplash, painted cabinetry, stainless steel built-ins, and a center island bring both polish and function. Just off the garage, a custom Mudroom with built-ins is perfect for backpacks, shoes, and everyday drop-offs. Need a quiet place to work or think? The front Study has you covered, tucked away behind double doors and bathed in natural light. The downstairs Primary Suite is a true retreat, complete with a cozy window seat, huge walk-in closet, and spa-style bath with dual vanities and a fully tiled, OVERSIZED walk-in shower. Head upstairs and the home shifts into fun mode—there's a dedicated Media Room for movie nights, a large Game Room for anything from ping pong to homework stations, and three spacious bedrooms, each with great closets and natural light. Outside, the big covered patio is ready for grilling, lounging, or weekend gatherings. Thoughtful upgrades, smart storage, and timeless design make this home one you'll want to see in person—don't wait.
