MODEL HOME • 2406 ROYAL DOVE | PRIMROSE VI

Bloomfield Homes' Carolina IV Side Entry is a two-story plan with 4 bedrooms, 3 baths, a study, and a 2.5-car garage. Brick and stone give this oversized homesite a distinctive front elevation, accented by cedar garage doors, an 8' front door, and exterior uplights. The round foyer opens toward a dedicated dining room, while glass French doors set the study apart. From there, hand-scraped wood floors lead into the family room, where a raised ceiling and gas-log fireplace with tile rising to the ceiling and a stained box mantel bring the room into focus. The Deluxe Kitchen connects to the breakfast area and features quartz countertops, painted shaker cabinets, a vertically set mosaic backsplash, a stainless apron sink, and under-cabinet lighting. Double ovens and a 5-burner gas cooktop from the Professional Series complete the cooking setup, with a walk-in pantry nearby. Across the main floor, the primary bedroom has a private bath with an enlarged shower; 2 secondary bedrooms share another full bath. The layout shifts upstairs to a game room, media room, 4th bedroom, and full bath, giving the upper level its own mix of gathering and private space. Upgraded tile in the baths and utility room, patterned carpet, and 2-inch blinds add substance behind the finishes. Out back, the extended covered patio has a gas stub, while gutters and additional exterior lighting address the practical details.
