MODEL HOME • 2006 PORTRUSH LN | SEABERRY II

The Violet II offers 4 bedrooms, 3 full baths, and a 2-car garage in a two-story design on an interior lot in Somerset. A large backyard enclosed by a wood privacy fence gives the covered patio room to open toward the lawn, while landscaping and a sprinkler system complete the setting. The layout balances its gathering spaces with 2 bedrooms on each floor. At the rear of the main level, the primary suite includes a walk-in closet and a bath with dual sinks, quartz counters, a garden tub, and a separate shower. A second bedroom near the entry sits beside another full bath, keeping a bedroom and bath available beyond the primary suite on the first floor. Laminate wood flooring connects the common areas, where the kitchen, dining area, and family room share an open arrangement. The Deluxe Kitchen pairs quartz counters with an island, a gas cooktop beneath a vented hood, and an electric oven. A pantry adds storage beside the work surfaces, and the dining area has direct access to the covered patio. The upper level brings a change of pace with a game room and a separate media room, creating room for games and movies beyond the main living space. The 2 upstairs bedrooms share a full bath with dual sinks, quartz counters, and a tub and shower combination. A large storage area beneath the stairs keeps seasonal items close without using bedroom closets. Window coverings are already included, and the laundry room and mud room sit near the garage entry to organize everyday arrivals. A brick exterior and covered front porch introduce the home.
