The exterior presents a clean, finished look with a beautiful brick and stone design, a welcoming covered front porch, and a front-facing 2.5-car garage with extra room for storage. The foyer opens to the family room, kitchen, and breakfast area in an open-concept design with easy flow between spaces. A striking floor to ceiling tile fireplace anchors the family room. The Deluxe Kitchen features built-in stainless steel appliances, deep storage drawers, quartz countertops, a trash pullout, pendant lighting, and an upgraded faucet to enhance everyday use. The primary suite is privately positioned and includes an oversized walk-in closet that connects to the laundry room, a bench-seat shower, individual vanities, and a deck mount tub. 1 secondary bedroom offers its own ensuite bath, providing a guest suite option. The other 2 bedrooms are arranged to maintain comfort and privacy without feeling closed off. A covered patio extends the living space outdoors, creating a shaded spot for casual cookouts or enjoying a North Texas rainstorm. Located in the Somerset community in Mansfield, residents enjoy access to landscaped greenbelts, neighborhood trails, parks, ponds, a clubhouse, and a resort-style community pool, all within a thoughtfully planned 460-acre setting with convenient access to Highways 360 and 287.
