MODEL HOME • 2006 PORTRUSH LN | SEABERRY II

With 4 bedrooms, 3 full baths, and a swing 2-car garage, Bloomfield Homes' Rockcress puts an open gathering space and a bedroom with its own ensuite bath into a one-story design on an interior lot in Somerset. The fourth bedroom replaces the formal dining room, giving this layout another separate sleeping space near the front. Two more secondary bedrooms sit along a different hall and share a full bath. The primary suite enjoys a rear position apart from these rooms, with a window seat and a walk-in closet. Its bath gets extra attention through upgraded tile, quartz counters, dual sinks, a deck-mounted soaking tub, and a separate shower with a seat. Wood flooring connects the main living areas, where a corner fireplace pairs tile to the mantel with a gas starter. The Deluxe Kitchen faces the family room across an island illuminated by 3 pendant lights. Painted cabinets and upgraded quartz counters give the space a polished finish, while a gas cooktop, electric oven, and walk-in pantry support the daily routine. The breakfast area keeps the dining table close to the kitchen and adds another window seat beside rear-facing windows. A door leads directly to the covered patio, with a gas connection ready for a grill. The laundry room and mudroom sit near the garage entry, creating a practical place to handle everyday arrivals. An upgraded 8-foot front door, covered porch, and 3 uplights give the entry added presence. The layout keeps the bedroom areas distinct while letting cooking, dining, and conversation share one connected setting. Visit Bloomfield Homes' Somerset model to learn more today!
