Special Offer Available, Contact Bloomfield Community Manager for Details! The Rockcress offers 4 bedrooms, 3 baths, and a smart single-story layout designed to feel open, bright, and highly functional! A modern brick exterior with clean lines and abundant windows creates striking curb appeal while allowing natural light to pour into the interior. The layout opens into the main living area, where the family room is highlighted by a dramatic floor-to-ceiling tile fireplace and views out to the backyard from large, Low-E windows. The Deluxe Kitchen sits at the heart of the home and features painted cabinets, upgraded quartz countertops, and built-in stainless steel appliances, offering a refined yet practical workspace for daily use. Granite countertops extend through all bathrooms, adding durability and a cohesive finish throughout the home. Bedrooms are thoughtfully arranged to provide separation and flexibility, including a secondary bedroom with its own ensuite bath! The primary suite has a lovely window seat with backyard views, a roomy walk-in closet, extensive dual-sink vanity, soaking tub, AND a shower with a bench seat. A covered patio extends the living space outdoors, while practical features like a 2-car garage with a J-swing garage and mud room storage keep everyday life organized. Visit the Bloomfield Homes model at Somerset to see the Rockcress in person and experience how this home comes together beautifully!
