Special Offer Available, Contact Bloomfield Community Manager for Details! The Rockcress features 4 bedrooms, 3 baths, and a well-designed one-story layout that prioritizes comfort and efficiency. The contemporary exterior is defined by clean lines, abundant windows, and a welcoming covered front porch creating strong curb appeal while allowing natural light to fill the interior. Inside, the home opens into the main living area, where the family room is highlighted by a tile-to-mantle fireplace that adds a warm, inviting focal point to the space. The open floor plan leads directly into the Deluxe Kitchen, showcasing painted shaker cabinets, upgraded quartz countertops, and built-in stainless steel appliances creating a highly functional workspace that flows into the dining area. Quartz countertops continue through all bathrooms, adding consistency and durability throughout the home. The primary suite offers a spacious bedroom, walk-in closet, a deck mount tub, and a bench-seat shower. One secondary bedroom includes its own ensuite bath, providing added flexibility for guests, while 2 additional bedrooms share a full bath and are arranged to maintain separation and privacy without closing off the layout. A covered patio extends the living space outdoors, offering a shaded area to relax or entertain family and friends. Practical features include a tankless water heater, and a J-swing 2-car garage that allows for additional driveway space. Located in the Somerset community in Mansfield, residents enjoy access to parks, trails, ponds, a clubhouse, and a community pool, all within a thoughtfully planned setting with convenient access to Highways 360 and 287. Visit the Bloomfield Homes model in Somerset to learn more about the Rockcress.
