\$30K in closing cost assistance and rate buydown! Entertainment spaces, private retreats, and standout style all come together in this 5 bedroom, 4.5 bath Spring Cress II by Bloomfield Homes. Located on a .20-acre interior lot in Somerset, close to the community's amenities like trails meandering around ponds, a clubhouse, and pool! A spacious game room and dedicated media room upstairs anchor the second level, joined by 3 bedrooms, each with walk-in closets, and upgraded baths finished in Sparkling White granite and designer tile. The open Family Room is warmed by a floor-to-ceiling Modern Box Oak tile fireplace with direct vent, framed by windows that bring in natural light. Both practical and striking, the Deluxe Kitchen holds Pure White Shaker cabinetry, Night Slate quartz counters, Arabescato backsplash, built-in stainless appliances, and a gas cooktop with a wood vent hood above. In the spacious Primary Suite, a spa-like bath hosts a deck-mount tub, beautiful large body tile, and a glass-enclosed shower, while a secondary bedroom with a full bath nearby provides flexibility for guests. Throughout the main level, Level 4 wood-look tile flows underfoot, and 8-foot interior doors tie each space together. The exterior pairs white Acme brick with natural stone and a stained 8-foot front door for timeless curb appeal. Come by Bloomfield's model in Somerset to learn more about this dream home!
