Bloomfield Homes' Jasmine plan unfolds as a streamlined single-story design with 4 bedrooms and 3 bath, created with an emphasis on clean lines, intentional spacing, and details that quietly elevate daily living. The brick-and-stone exterior is grounded by a bricked front porch and paired with an upgraded 8' glass front door that introduces the home with a modern edge before the interior opens into a long, uninterrupted sightline stretching through the main living areas. Engineered wood flooring defines the core of the home and leads into a spacious family room where a tile-to-ceiling fireplace delivers a strong architectural moment without breaking the open flow. Deluxe Kitchen is positioned as a central workspace featuring Level 4 quartz countertops, a generous island, light stained Shaker cabinetry, and designer backsplash tile. The primary suite is set apart from the secondary bedrooms and offers a composed retreat with dual sinks, a separate tub and shower, and a walk-in closet designed to support everyday organization. Additional bedrooms are spaced for flexibility and supported by 2 additional full baths, allowing the plan to adapt easily to changing needs without wasted square footage. Practical upgrades are thoughtfully integrated throughout, including a 2-car deep garage with cedar garage doors that add warmth to the exterior, upper cabinets in the laundry room for added storage, and a tankless water heater that supports long-term efficiency. The covered patio extends the living space while the interior lot placement provides a quieter setting within the community. Located in Painted Tree and surrounded by its planned community amenities, this home reflects Bloomfield Homes' focus on purposeful design from front to back.
