Bloomfield's Bellflower II is a home that commands attention with its thoughtful design and stunning brick-and-stone exterior. Inside, the layout unfolds into wide-open living spaces framed by hardwood floors and anchored by a towering Family Room with second-story windows that pour in natural light, highlighted by a dramatic Stone-to-Ceiling Fireplace with a cedar mantel. At the heart of the home, the Deluxe Kitchen features Quartz countertops, custom cabinetry, built-in stainless steel appliances including double ovens, and a massive walk-in pantry that will satisfy the needs of even the most ambitious home chef. The Primary Suite is designed for retreat-like comfort, with dual vanities, an oversized shower, and a huge closet that conveniently links to the laundry room. A private Study with elegant glass French doors, a formal Dining Room, and a Guest Suite round out the first floor, offering flexibility for work and visitors. Upstairs, a spacious Game Room, 2 bedrooms with a Jack-and-Jill bath, and an additional suite create a second level built for entertainment and privacy. Outside, enjoy a covered patio with a gas stub for grilling, professional landscaping, gutters, and an 8' front door that makes a lasting first impression. Energy efficiency is built in with a tankless water heater. This plan blends elegance with everyday ease, set within an amenity-filled community designed for connection, recreation, and comfort.
