The Magnolia II by Bloomfield Homes is a striking two-story plan that blends architectural elegance with everyday function, offering 4 bedrooms, 3.5 baths, a 3-car garage, and an array of thoughtful spaces designed for modern living. From the curb, the home impresses with its brick-and-stone exterior, arched entryway, and charming balcony that enhance its timeless character. Step through the 8' front door into a wide foyer where natural light highlights the warm wood flooring that flows through the main living areas. A dedicated Study with dual doors sits at the front, ideal for working from home, while an elegant Formal Dining Room is just across the entry. The Kitchen is a showpiece, complete with granite countertops, custom cabinetry, built-in stainless steel appliances, a large island with seating, and a walk-in pantry, all designed to make cooking and entertaining effortless. The adjoining Breakfast Nook opens to a covered patio, extending your living space outdoors. The spacious Family Room features a raised ceiling and a dramatic Stone-to-Ceiling Fireplace with cedar mantel, serving as the heart of the home. The first-floor Primary Suite is tucked at the back and includes a spa-like bath with dual vanities, garden tub, separate shower, and a walk-in closet. Upstairs, a large Game Room overlooks the Family Room, while a separate Media Room adds even more flexibility for movie nights or game day gatherings. Three additional bedrooms are upstairs, one with an ensuite bath creating a private guest suite and the others sharing a full bath. A built-in mud bench by the garage entry keeps daily life organized, while extras like window seats, gutters, and exterior lighting make the Magnolia II as practical as it is beautiful.
