Popular Caraway plan is a single-story has 3 spacious bedrooms, 3 full baths, media room (or study), and open-concept living space with an island kitchen. Under 10 minutes from a city park, main street, and all 3 Midlothian ISD-zoned schools! Besides the gorgeous family room lined with RevWood floors and unobstructed backyard views from picture windows, this home has contemporary upgrades like a deep 2-car garage (room for storage!), upgraded painted cabinets, 8' interior doors, a tile-to-ceiling fireplace with mantel and Level 5 tile surround, and a covered rear patio. Sleek, modern curb appeal stands out on the street with a brick facade complimented by landscaping and an 8' front door. But let's be real - the most important parts of the home are the kitchen and primary retreat... Neither disappoint in the Caraway! This Deluxe Kitchen has cabinets to ceiling, with the upper cabinets fronted in glass with lighting, double ovens, a built-in gas cooktop with wood vent hood, and HUGE walk-in pantry. Primary Suite is separated from the other bedrooms for privacy and features individual vanities, a bench-seat shower, soaking tub, and generous walk-in closet that has a secondary exit into the laundry room! Upgraded carpet in bedrooms, mud bench storage, window seats, and a Junior Suite configuration are all highlights.
