Bloomfield Homes' Caraway floor plan offers a well-designed single-story layout with an open-concept living space, 3 bedrooms, 3 baths and a 2.5-car garage. Elevated 10-foot ceilings and abundant natural light flood through the open-concept living areas highlighted by upgraded Brycewood tile flooring. The Family Room centers around a striking floor-to-ceiling stone fireplace with a cedar mantel stained walnut. The Deluxe Kitchen showcases champagne-painted cabinetry with hardware, huge island, a pull-out trash bin, built-in appliances with a wood vent hood, flush cooktop below a wood vent hood, double oven, and ornamental granite countertops, complemented by pendant and under-cabinet lighting, a glass pantry door, and a Moroccan mosaic backsplash laid vertically in an off-white tone. The breakfast nook includes a charming window seat, while all baths continue the upscale design with matching granite countertops and tile selections. The private front bedroom features an ensuite bath with a mud-set shower, ideal for guests. The Primary Suite offers a spa-like retreat with individual vanities, a drop-in deck mount Jacuzzi tub, separate shower with seat, linen closet, and a walk-in closet conveniently connected to the utility room. Exterior details include a brick and chopped stone elevation, cedar garage door, custom 8-foot front door, full gutters, flood lights, as well as architectural uplights and a holiday light package!
