The Rockcross by Bloomfield Homes is a thoughtfully designed 3-bedroom, 2.5-bath single-story with a 2-car garage, blending stylish upgrades with smart functionality—all set on a beautifully finished homesite. From the moment you arrive, the classic brick front porch, front elevation uplights, and double flood lights at the rear soffits add both charm and curb appeal. Step inside through the upgraded entry into a bright, open layout anchored by a dramatic ledgestone-to-ceiling fireplace in the Family Room—a stunning centerpiece for relaxing evenings. The Deluxe Kitchen checks every box with soft-close drawers, upgraded cabinet hardware, a built-in pull-out trash bin, upgraded backsplash, 3 pendant lights over the island, under-cabinet lighting, and stainless steel appliances. It's as functional as it is beautiful, designed for both everyday cooking and effortless entertaining. Just off the entry, a private Study with glass French doors offers the perfect space to work from home or read in peace. Comfort-height toilets, enlarged shower in the Primary Bath, and thoughtful storage upgrades like upper cabinets in the laundry room and window coverings throughout bring convenience to daily life. The covered front porch and back patio are ideal for enjoying morning coffee or evening get-togethers, complete with full gutters to protect your outdoor spaces. Every detail—from lighting to layout—was chosen with care in this stylish, easy-to-love home. Come experience the Rockcross by Bloomfield Homes at Villages of Walnut Grove in Midlothian—designed for comfort, built for lasting value.
