The open kitchen and family room form the heart of the home - perfect for daily gatherings or entertaining guests. A private study near the entry makes working from home effortless, while the formal dining room can be built as a first-floor media room for added versatility.

Upstairs, a spacious game room connects the secondary bedrooms and complements a dedicated media room, which can also be built as an optional bedroom - with or without a full bath. A secondary retreat with a private bath and walk-in closet, separate from the primary suite, offers comfort and convenience for guests. The primary suite includes dual sinks, and two walk-in closets - a thoughtful design for extended family or long-term guests.
