The Rose plan by Bloomfield Homes is a thoughtfully designed two-story layout that delivers 5 bedrooms, 4 full baths, and versatile spaces built to match modern living. From the moment you arrive, the brick exterior with professional landscaping and a covered front porch creates a warm welcome, while the 8' front door sets a bold entry statement. Inside, you'll find a wide-open main level highlighted by a Deluxe Kitchen with stainless steel built-in appliances, vent hood, upgraded granite countertops, a stylish backsplash, and a trash pull-out drawer, all overlooking the expansive Family Room. Natural light floods in through large windows, while Wood-look Tile flooring runs seamlessly through the main traffic areas for both durability and style. A downstairs bedroom with an adjacent full bath provides flexibility for guests, and the private Study with French doors adds the perfect work-from-home space. The upstairs opens to a large Game Room, three secondary bedrooms, and two full baths, all arranged for both comfort and convenience. Designer touches continue with a horizontal railing along the stairs and overlooking the Family Room for a sleek, modern edge. Outdoor living is just as inviting with a covered back patio, and practical upgrades like a 2-car garage, window coverings, and full landscaping package round out the home. The Rose plan brings together thoughtful design and refined details in a way that feels both stylish and livable—visit Bloomfield at Creekview Meadows in Pilot Point today to experience it for yourself!
