MODEL HOME • 10032 BLUE FOREST LN | ROSE II

An oversized corner homesite gives Bloomfield Homes' Rose II room to make an impression in Woodstone, with 5 bedrooms, 4 full baths, and a 2-car garage. Upgraded brick with buff mortar, a brick front porch, and an 8-foot entry door set the tone, while 2 uplights highlight the exterior after dark. The family room opens to soaring ceilings and a floor-to-ceiling direct-vent gas fireplace with a cedar mantel. Modern box railing traces the upper overlook and stair landing, keeping the dramatic height in view. The Deluxe Kitchen puts its upgrades where they count: Level 5 quartz, double electric ovens, a gas cooktop, and a single-bowl sink. Raised-panel Shaker trim wraps the island's back, with 3 pendants overhead and undercabinet lighting along the work surfaces. Matte black cabinet pulls add contrast throughout the home. The breakfast area connects the kitchen to the covered patio, which includes a gas drop. A private study off the family room offers another defined space on the main level. The rear primary suite includes dual sinks with Level 5 quartz, a garden tub, seated shower with tile to the ceiling, and a walk-in closet. A second downstairs bedroom sits beside a full bath upgraded with a tiled standing shower. 3 bedrooms, 2 full baths, a game room, and an enclosed media room with double doors complete the second floor. Quartz continues in the secondary baths, with accent tile adding detail to the surrounds. Upgraded flooring and carpet, utility upper cabinets, blinds, and gutters finish the package.
