MODEL HOME • 10032 BLUE FOREST LN | ROSE II

The Violet II, a two-story plan with 4 bedrooms, 3 baths, a study, and a 2-car garage. A study sits downstairs for anyone working from home, with two bedrooms upstairs alongside a game room and a separate media room. The home is on an interior lot in a community with a pool, a playground, and trails. Upgraded stone fronts the elevation behind a custom 8' front door. The family room centers on a tile fireplace running to the ceiling. The Deluxe Kitchen has upgraded quartz counters, a gas cooktop, and an electric oven, with quartz carrying through the rest of the home. Laminate wood floors run through the common areas. Window coverings are already hung, window seats are built in throughout, and a mud room off the garage handles shoes and bags. Out back, a covered patio opens onto the yard with a gas stub for the grill. Gutters, an exterior lighting system, and the energy-efficient features standard in every home Bloomfield Homes builds round it out. Come see the Violet II at the Bloomfield Homes model in Woodstone.
