Commanding attention on a generous homesite in Crystal Lake Estates, this completed Carolina IV combines classic architecture with refined finishes and a layout offering 4 bedrooms, 3 baths, and entertaining spaces. The exterior pairs richly toned brick and stone with a 3-car side-entry garage framed by cedar doors, setting a strong first impression that continues inside through the grand rotunda foyer. Past the sweeping entry, the Family Room draws focus with a floor-to-ceiling stone fireplace and a wall of windows framing the backyard view, creating a natural centerpiece that connects to the open-concept Deluxe Kitchen. This kitchen is a breath of fresh air with white Shaker cabinets, arabesque tile backsplash, built-in stainless steel appliances (including double ovens), and upgraded quartz counters to top it off! A buffet creates a unified flow from the kitchen to the breakfast nook, and a formal dining room situated off the foyer provides another space to share meals with a larger group. The secluded first-floor primary suite is massive and has a fully-outfitted bathroom with a deck mount tub, separate shower, dual sink vanity, and walk-in closet. 2 more bedrooms splitting a hall bath, a laundry with cabinet storage, and a front study finish the first floor. The second floor opens to a spacious Game Room with a built-in desk flanked by the Media Room, a large bedroom and a full bath. An extended covered patio can be accessed off the breakfast nook, the best spot to savor the expansive yard—ready for gatherings, gardens, or simply open views.
