The Primrose VI is a two-story plan offering 5 bedrooms and 4.5 baths arranged to create a smooth rhythm between open gathering spaces, private suites, and flexible upstairs areas. Set on a HUGE lot over .6 acres in Crystal Lake Estates! This home begins with a strong architectural presence featuring brick and chopped stone, an 8-foot wood-and-glass front door, and a matching 8-foot side entry that carries the design through. The layout centers on a bright main level where tall ceilings lift the family room and the stone fireplace with a raised hearth becomes a natural focal point. The Deluxe Kitchen brings together quartz countertops with subtle veining, soft maple cabinetry in a warm finish, double ovens, a 5-burner gas cooktop, and pendant lighting over the island for a polished look. Adjacent spaces include a dining area, a dedicated study with glass French doors, and a mud room with extra storage and utility sink. The primary suite is positioned for privacy and features a spacious bath with coordinated tile, a walk-in shower, and maple cabinetry paired with quartz surfaces. 2 additional bedrooms split a full bath to complete the first-floor offerings. Upstairs, the home transitions into its own zone with 2 bedrooms - each with their own ensuite bath and walk-in closet - along with a media room and a game room with a built-in tech center. Flooring across the main areas blends wood-look LVP with upgraded tile in the baths and laundry. A 3-car garage provides expanded storage options, and an extended covered patio broadens the living space outdoors. Crystal Lake Estates adds further appeal with its welcoming community environment and convenient Red Oak location. Call or visit the Bloomfield Homes model in Crystal Lake Estates for details.
