The Spring Cress II by Bloomfield Homes is a grand two-story home with timeless curb appeal, showcasing a brick and stone elevation with a 3-car garage and elegant architectural detail throughout. This home is built for comfort, function, and style—inside and out. The heart of the home is the Deluxe Kitchen, outfitted with double ovens, a 5-burner cooktop, rich cabinetry, striking under-cabinet lighting, and a designer tile backsplash. Upgraded quartz countertops shine throughout the kitchen and all baths, adding modern elegance. The kitchen opens beautifully into the Family Room, where soaring ceilings and natural light create an inviting space for gathering. And the stunning fireplace with a Cedar Mantel and Stone to the ceiling sets the tone. Wood-look ceramic tile flooring adds durability and warmth in high-traffic areas and the private study. The Primary Suite is tucked away on the main floor and features large windows, a cozy window seat, and a luxurious ensuite bath with dual vanities, quartz countertops, a garden tub, separate shower, private toilet room, and a generous walk-in closet. A secondary bedroom on the first floor provides flexibility for guests or multigenerational living. Upstairs, enjoy a spacious Game Room, a dedicated Media Room, and three secondary bedrooms—each with walk-in closets—plus two full baths. Designed for everyday living and effortless entertaining, this home offers it all—refined finishes, abundant space, and modern conveniences.
