Massive two-story that's adored by all - Built by Bloomfield Homes, this Primrose VI plan offers 5 bedrooms, 4.5 baths, a study, 2 dining areas, mud room, game room, and media room across more than 4,000 square feet. Positioned on a half-acre interior lot in Glenbrook, the home combines a brick and stone, front uplights, cedar garage doors on the side-facing 3-car garage, and an 8' entry door to create a strong streetscape presence. Just inside, wood flooring extends through the main gathering areas and draws the eye toward a vaulted Family Room anchored by a stone fireplace with cedar mantel and raised hearth. The Deluxe Kitchen pairs painted cabinetry with quartz countertops, a white apron-front sink, 5-burner gas cooktop, double ovens, and pendant lighting over a generous island, plus a walk-in pantry and buffet-style cabinetry for added storage. Off the foyer, glass French doors define the study, while a mudroom with built-in bench and upper cabinets organizes everyday drop zones between the garage and kitchen. The first-floor Primary Suite includes a large walk-in closet and a bath with deck-mounted tub, separate shower, separate vanities, and a standalone shower with a bench seat. Upstairs, a game room with built-in tech center connects to 3 additional bedrooms and 2 full baths, and dark media room means you never have to worry about where to watch the game! An extended covered patio along the rear completes the design, and the entire yard comes fenced, sodded, and irrigated. Call Bloomfield Homes for details!
