**Contact Community Manager for Incentives!** Built around the spaces people love most, starting with a deluxe kitchen that doubles as the home's gathering hub. Painted white cabinets, black Quartz countertops, double ovens, a 5-burner gas cooktop with wood vent hood, custom backsplash, pot and pan drawers, and a large island with sink and seating make this space as functional as it is impressive. It opens straight into the family room, where a modern fireplace with tile surround creates a cozy anchor for the bright, open layout. Wide hallways and oversized windows flood the home with light, while wood-look tile floors run through the main living areas for lasting durability and easy upkeep. With 3 bedrooms, 2 baths, and a private study behind French doors, the plan balances space for gathering with space to retreat. The primary suite stands out with 2 walk-in closets, dual sinks, a garden soaking tub, and a separate glass-enclosed shower, while 2 secondary bedrooms share a full bath on the opposite side of the home. Practical details like a mud room, tankless water heater, natural gas heating, and an 8-foot front door add more than just looks to life in a new home. Outside, the fully bricked exterior with stone accents, uplighting, and fresh landscaping delivers instant curb appeal, and the covered patio overlooks a fenced backyard ready for everyday living. Life at The Oaks adds even more, with a community pool and amenity center, playgrounds, a dog park, scenic trails, greenbelts and nature spaces, and a 20-acre city park nearby.
