NEW! NEVER LIVED IN. Bloomfield Homes has built the Jasmine, a single-story plan with 3 bedrooms, 3 baths, a study, and a 3-car garage, expected complete and Ready in September 2026! Everything lives on one level here, set on an interior lot in a community built for getting outside — a swimming pool, six parks, and trails throughout. The elevation makes a current, sharp first impression: white brick with black trim, a clean high-contrast look, behind a three-car garage that gives you the extra bay for a truck, a workshop, or the storage that always runs short. Just inside, the study sits behind glass French doors, lit with added LED lighting, private enough for calls or focused work while still part of the main floor. Tall ceilings lift all spaces, while extensive windows are placed to let in beautiful natural light. The Deluxe Kitchen is set up for someone who loves cooking: built-in appliances, double ovens, a 5-burner gas cooktop, high-end granite counters, an island with custom cabinets, and under-cabinet lighting along the run. Wood-look tile runs through all the main areas — the durability of tile with the look of wood, and no carpet seams to catch in the living spaces. Upgraded granite carries through the baths as well. Natural gas heating and a tankless gas water heater keep utilities low and the hot water running without a tank taking up space. Outdoor living runs front to back with a covered porch and a covered back patio, the patio plumbed with a gas stub so the grill connects directly. Gutters and a full package of energy-saving components come standard, at no added cost, as they do in every home Bloomfield Homes builds. Come see the Jasmine at the Bloomfield Homes in The Oaks, we are open daily!
