Bloomfield Homes' Rockcress is a one-story plan with 3 bedrooms, 2 full baths, a powder bath, private study, and 2-car swing garage. This version starts strong from the curb with a brick and stone front elevation, cedar garage door, covered porch, and upgraded 8' front door, then carries that tailored look inside with finishes that feel equally considered. Just off the foyer, the study sits behind glass French doors, creating a defined workspace without closing it off from the rest of the home. From there, the layout opens into the main living area where a natural gas fireplace with logs and decorative tile carried to the ceiling gives the family room a true focal point. The Deluxe Kitchen keeps pace with double ovens, a 5-burner gas cooktop, white apron-front sink, upgraded painted cabinetry with black hardware, quartz countertops, and a coordinating backsplash. Laminate flooring runs through the entry, halls, study, family room, and kitchen, keeping the shared spaces visually connected, while upgraded patterned carpet adds softness in the bedrooms. The primary suite stays tucked toward the back of the home with a window seat, walk-in closet, and bath finished with quartz counters and a mounted tub. Two secondary bedrooms share another full bath, while a separate powder bath gives guests their own space. A mud room near the laundry and garage adds a practical landing zone, and the covered back patio extends the living space outdoors. Exterior lighting adds another finished detail after dark. Located on an interior homesite in The Oaks, this home also puts you near the community swimming pool, 6 parks, and trail system. Come see how Bloomfield Homes gives the Rockcress a polished one-story feel at the model in The Oaks!
