The Rose II, a two-story plan with 5 bedrooms, 4 baths, a private study, and a 3-car garage. The home sits on a corner lot with a park view, and the brick and stone front elevation makes a strong first impression — finished with a cedar wood garage door, an 8' tall front door, and outdoor lighting that carries the look into the evening. The added third-car garage handles the truck, the tools, or the projects that never quite fit anywhere else. Inside, vaulted ceilings lift the family room, and upgraded wood look tile flooring runs through the entry, halls, family room, study, kitchen, utility, and fourth bath — the durability of tile with the warmth of wood. The Deluxe Kitchen is built for people who actually cook: double ovens, a 5-burner cooktop, a white apron farm sink, upgraded quartz countertops with a matching backsplash, and painted cabinets with black hardware pulls that pull the whole room together. The study offers a quiet workspace set away from the main living areas, and the Primary Suite includes an ensuite bath with garden tub and a walk-in closet. Upstairs, the game room overlooks the family room across a run of iron balusters, a media room sits ready for movie nights, and upgraded patterned carpet softens the bedrooms. Outdoor living is covered front and back — a covered porch to greet the neighbors, a covered patio for evenings at home. Residents at The Oaks in Red Oak enjoy a community swimming pool and trail system linking you to multiple parks. Plus the energy-efficient features standard in every Bloomfield Home! Stop by the Bloomfield model at The Oaks and see the Rose II for yourself.
