MODEL HOME • 1339 STOCKTON TRAIL | SEABERRY

Bloomfield Homes' Seaberry II is a two-story design with a flexible 4-bedroom configuration, 4 full baths, a study, formal dining room, game room, media room, and 2-car swing garage. This one starts with curb appeal: white brick and stone across the front, a cedar garage door, and an upgraded 8' front door give the exterior a more custom look before the plan even opens up. Inside, wood flooring runs through the entry, halls, family room, study, dining room, and kitchen, creating an easy visual connection between the main spaces. The study gets its own identity behind glass French doors, while the formal dining room with a butlers pantry sits separately for dinners that call for a dedicated setting. Then the ceiling height takes over. Vaulted ceilings open the family room, where a natural-gas fireplace is wrapped in decorative tile all the way to the ceiling for a strong focal point. The Deluxe Kitchen answers with double ovens, a 5-burner gas cooktop, white apron-front farmhouse sink, quartz countertops, and upgraded painted cabinetry. The primary suite stays downstairs with a window seat, while upgraded tile carries through the baths and utility room and quartz continues across the bathroom counters. Upstairs, horizontal stair balusters lead into another layer of living space with a game room, media room, secondary bedrooms, and additional baths, giving the second floor plenty of purpose beyond sleeping space. Practical details include a tankless water heater, gutters, covered front porch, covered back patio, and exterior lighting. Set on a corner lot in The Oaks, the home also puts you near the community pool and 6 different parks. Come see how Bloomfield Homes gives the Seaberry II its own personality at the model in The Oaks!

EQUAL HOUSING OPPORTUNITY

Document generated Nov 3, 2026. Prices, plans, square footage, features, amenities and materials are subject to change at any time without notice and vary among communities. Listed prices are for informational purposes only, are not binding, and do not create any contractual obligation(s). The price of any home is dependent on numerous factors, all of which are unique to a specific home, and is not guaranteed until specified in a binding contract. Pricing of elevations and additional optional beds/baths varies per plan. Some plans require a premium homesite.
