MODEL HOME • 1034 WATERCOURSE PLACE | ROSE II

Under Construction · Est. October 2026

ELEVATION D

Two-story plan with 5 bedrooms, 3 baths, powder bath, and a 2-car garage. Set on a pond-view homesite, the Rose III keeps the primary suite downstairs while 4 secondary bedrooms, 2 full baths, and a game room take over the second floor. Downstairs has plenty going on without feeling overworked: a dedicated study, a separate media room, and an open family room where a floor-to-ceiling stone fireplace with a cedar mantel brings some real drama. Laminate wood flooring runs through the main living areas, and the Deluxe Kitchen is ready to keep up with double ovens, a 5-burner gas cooktop, an island, and quartz surfaces. The dining area sits right beside it, so the kitchen, family room, and dining space feel connected instead of boxed into separate zones. Tucked toward the back of the first floor, the primary suite has its own ensuite bath and a large walk-in closet, giving it a little separation from the busier shared spaces. Upstairs, the game room gives the 4 secondary bedrooms a central hangout spot and keeps the second floor feeling purposeful. A mud room off the garage handles the practical side of daily life, while an 8' front door, gutters, exterior lighting, a tankless water heater, and a gas stub at the covered patio round out the included features. Waterscape adds multiple parks and ponds, resort-style and lap pools, a clubhouse, playgrounds, trails, an amenity center, and an elementary school within the community. Come see the Rose III in person at Bloomfield Homes in Waterscape!
