MODEL HOME • 120 CREEKSIDE DRIVE | CYPRESS II

This Cypress II floor plan offers 4 bedrooms, 3 full baths, and a 2-car garage in a two-story design on a corner lot in Sable Creek. Glass French doors define the study near the foyer, replacing formal dining while keeping the breakfast area at the center of daily gathering. Wood-look tile connects the entry, study, kitchen, family room, and laundry room, carrying a consistent finish through the shared spaces. The Deluxe Kitchen pairs painted cabinets and bar pulls with upgraded quartz countertops, a single-bowl sink, and an upgraded backsplash. Pot-and-pan drawers and a trash drawer put useful storage within reach, while a separate gas cooktop and built-in electric oven divide the cooking tasks. The island keeps prep open to the breakfast area and family room. Family room windows bring the rear of the home into view, with a covered patio providing a shaded extension outside. A gas stub adds a connection for outdoor cooking. The primary suite stays downstairs with a separate sitting area, walk-in closet, and a bath featuring dual sinks, a garden tub, and a separate shower. Oversized tile upgrades the bath floor, shower, and tub surround, with accent tile on the shower floor. Also downstairs, 2 secondary bedrooms with walk-in closets share another full bath. Upstairs has a purpose of its own: a game room, Bedroom 4, and a third full bath keep another gathering space close to the bedroom. Quartz counters continue through all 3 baths. An upgraded 8-foot front door, smart home system, tankless gas water heater, and gutters round out the home. Visit Bloomfield Homes' Sable Creek model to explore 181 Creekside Drive today!
