Special financing available — ask for details! Bloomfield Homes' Cypress II nails that balance of spacious and comfortable with 4 bedrooms, 3 baths, and flexible spaces. Out front, the brick and stone combo gives it a classic look, and the clean rooflines keep it feeling fresh. Everything feels open upon entering, with glass French doors welcoming you into the study right off the entry. Wood floors tie together all the first-floor common areas, and the kitchen is another bright spot with a crisp white color palette from top to bottom. Even the breakfast nook got extra thought with a built-in buffet for storage or serving. 2 bedrooms split a bathroom as you make your way to the stairs in the back, while the Primary Suite provides a huge retreat with a 5-piece ensuite bath and separate closet. Upstairs adds a flexible layer with a game room, full bath, and private bedroom that work just as well for guests as they do for teenagers or movie nights. Every bedroom has great natural light, every space has ceiling fans, there's a dedicated laundry room, and energy-efficient features throughout help with utility costs.
