MODEL HOME • 1106 ALEXANDER ST | VIOLET IV

A well-planned single-story with 4 bedrooms, 2 baths, and a study — everything on one level, no stairs to climb. The family room centers on a tile fireplace that runs all the way to the mantle, a finished detail you notice the moment you walk in, and bay windows pull in natural light through the day. Laminate wood floors run throughout the main areas, with carpet in all four bedrooms where you want it soft underfoot. The Deluxe Kitchen is the workhorse here — quartz countertops, generous cabinetry, and an open connection to the living space so you're never cooking alone. It's an all-electric kitchen, simple and efficient. The study sits apart from the bedrooms, ready for a home office or a quiet room to read. The Primary Suite offers a walk-in closet and garden tub, with well-sized secondary bedrooms nearby. Out back, a covered patio extends the living space into the yard, and the interior lot keeps the setting quiet. More highlights of this home include a custom 8' front door, rain gutters, a 2-car garage, and the energy-efficient features standard in every Bloomfield Home! Call or visit Bloomfield at Anderson Crossing to explore the full offer.
