MODEL HOME • 1106 ALEXANDER ST | VIOLET IV

The Cypress offers 4 bedrooms, 2 full baths, and a 2-car garage in a one-story design on a north-facing lot backing to trees in Anderson Crossing. The covered back patio makes the most of that setting, offering a shaded place for outdoor seating just beyond the family room. Inside, laminate wood flooring connects the entry, study, kitchen, breakfast area, and main living space for a continuous finish. The family room stays open to the breakfast area and Deluxe Kitchen, keeping conversation connected without giving every room the same purpose. Quartz counters and a mosaic tile backsplash bring detail to the kitchen, where pendant lighting highlights the island. An electric cooktop and separate electric oven handle the cooking, with a pantry keeping ingredients close. At the front, glass French doors give the study definition and a room of its own for work or projects. The primary suite sits apart from the rear bedrooms, with a walk-in closet and bath featuring dual sinks, quartz counters, a garden tub, and a separate shower. Large-format white tile finishes the shower walls and tub surround, with hexagon tile underfoot in the shower. Another 3 bedrooms share a full bath with a tub-shower combination and quartz counter. Carpet softens all 4 bedrooms, while upgraded white tile finishes both bathrooms and the utility room. From the street, brick and stone frame the covered porch and custom 8-foot front door. Window coverings, gutters, landscaping, sprinklers, and wood fencing round out the everyday details. Visit Bloomfield Homes' Anderson Crossing model today!
