MODEL HOME • 1106 ALEXANDER ST | VIOLET IV

A thoughtfully laid out two-story with 4 bedrooms and 3 baths and plenty of room to spread out. High ceilings open up the main living space, and laminate wood floors run through the kitchen and every living area — good looking and easy to live with, whether you have kids, pets, or both. The covered front porch is a real one, deep enough to sit on, and it's not something many new construction homes offer anymore. Around back, a covered patio looks out over the yard, and the interior lot keeps things quiet. In the kitchen, quartz countertops and a smart layout make cooking feel less like a chore, and the adjoining breakfast area comes with built-in buffet cabinets — extra counter space when you're serving, extra storage the rest of the time. The electric range and electric water heater keep utilities simple. The Primary Suite has its own ensuite bath, and a dedicated study gives you a quiet place to work from home. Upstairs, the game room is the flex space every family ends up needing. More highlights of this home include a custom 8' front door, an attached garage, and the energy-efficient features standard in every Bloomfield Home! Call or visit Bloomfield at Anderson Crossing to explore the full offer.
