MODEL HOME • 1106 ALEXANDER ST | VIOLET IV

The Dogwood, a single-story plan with 3 bedrooms, 2 baths, and a 2-car garage, expected complete and Ready in October 2026! Everything lives on one level here, on an interior lot behind a custom 8' front door. Just off the entry, a study sits behind dual doors - or flex to be the formal dining. From there the plan opens up around a large family room, where a window seat adds extra character. Windows everywhere bring in the sunlight! The all-electric Deluxe Kitchen carries quartz counters, custom cabinets, built-in appliances, a wood vent hood, and an island that keeps the cook connected to the room. The dining area had added built-in buffet cabinets — extra counter for serving and extra storage for the things that never quite fit, with room to set a table alongside. Laminate wood flooring runs throughout the home, stopping only at the bedrooms, baths, and utility. The primary suite sits apart from the secondary bedrooms and includes a walk-in closet with room to organize, plus a bath with a garden tub and separate shower. Window seats are built in through the home, adding storage where you'd otherwise have blank wall. Outdoor living runs front to back with a covered porch and a covered patio, giving you shade on both ends of the house. Gutters and a full package of energy-saving components come standard, at no added cost, as they do in every home Bloomfield Homes builds.
