The Jasmine, a single-story plan with 4 bedrooms, 3 baths, and a 2-car garage, expected complete and Ready in October 2026! Everything lives on one level here, set on an interior lot behind a custom 8' front door. The garage is built to an extended depth, an option that adds room past the bumper — space for a workbench, a second freezer, lawn equipment, or the storage a standard bay simply runs out of room for. Step inside and the plan opens up around a large family room and an island kitchen built to place barstools. That Deluxe Kitchen runs all-electric and carries quartz counters with room to work, custom Shaker cabinets, and built-in stainless steel appliances. Laminate wood flooring runs throughout the home, so the main living areas stay clean-lined and easy to keep up. Down the hall, the primary suite sits apart from the secondary bedrooms for privacy and includes a walk-in closet, plus a private ensuite bath. 3 full baths in a single-story this size means guests and kids aren't sharing, and nobody's waiting in line on a weekday morning. Architectural windows bring natural light through the main living areas. Outdoor living runs front to back, with a covered front porch for morning coffee and a covered patio out back that opens onto the yard for evenings and weekends. Gutters and a long list of energy-saving components come standard, at no added cost, the same as every home Bloomfield Homes builds. Call or visit Bloomfield Homes at Anderson Crossing to explore the full offer!
