The Rose II, a two-story plan with 5 bedrooms, 4 baths, a study, and a 2-car garage. The home sits on a corner lot, with a playground nearby in the neighborhood. A custom 8' front door opens the entry, and vaulted ceilings lift the main living space. Upgraded flooring runs through the home, with upgraded countertops and cabinets in the kitchen. The study sits on the main floor for anyone working from home. In the primary bath, an oversized shower replaces the standard setup. Upstairs, there's a game room and a separate media room, plus the secondary bedrooms. Out back, a covered patio opens onto the yard. Gutters and the energy-efficient features standard in every Bloomfield Home round it out. Call or visit Bloomfield at Anderson Crossing to explore the full offer.
