Introducing Bloomfield's Violet IV, a stunning two-story sanctuary on an interior lot, highlighted by beautiful brick and stone elevation with charming gables. The wide foyer entrance and tall ceilings set an elegant tone, leading to a connected Family Room and Deluxe Kitchen, where high vaulted ceilings create a sense of grandeur. The Kitchen boasts custom cabinets, Granite countertops, and built-in stainless steel appliances, complemented by extensive storage options, including a walk-in pantry and spacious Laundry Room with a mud bench. Enjoy an open layout enhanced by wood floors and a two-story overlook from the Game Room above. The Primary Suite offers a luxurious retreat with its own ensuite walk-in closet and bath featuring a garden tub, separate shower, and dual sinks, creating your own oasis. Outside, the home features stone-edged flower beds, a full irrigation system, and a sprinkler system, while a 2-car garage, gutters, and access to a community playground round out this exquisite home's appeal.
