MODEL HOME • 1735 UPLAND ROAD | MAGNOLIA II

The Cypress offers 4 bedrooms, 2 full baths, and a 2.5-car garage in a one-story design on an interior lot in The Retreat at North Grove. The garage earns its extra space, with a half-bay for storage or a work area and an access door leading to the backyard. Out front, brick, wood garage doors, and uplights frame a covered porch and 8-foot front door. The layout gives the study its own place off the foyer behind double doors, then opens into connected kitchen, breakfast, and family spaces. Laminate wood flooring carries through the shared areas, while carpet and tile finish other rooms. In the family room, a corner woodburning fireplace makes a strong focal point with stone reaching the ceiling, a mantel, and a raised hearth. The kitchen keeps everyday function close at hand with granite counters, an island, breakfast bar, and walk-in pantry. Under-counter lighting illuminates the work surfaces, and an electric range and microwave complete the cooking setup. The breakfast area beside it includes a window seat. The primary suite occupies a separate section of the plan, with a window seat, walk-in closet, and bath featuring dual sinks, granite counters, linen storage, and an enlarged shower in place of the tub. Another 3 bedrooms share a full bath with a tub and shower combination, and 2 have walk-in closets. Near the garage entry, the laundry room keeps daily tasks close to the kitchen. A covered patio extends the living space outside to a wood-fenced yard with landscaping and sprinklers.
