The Spring Cress by Bloomfield defines luxury with its striking brick and stone front elevation, cedar and wooden garage doors, and a custom 8' front door, creating an unforgettable first impression. Perfectly situated in a peaceful cul-de-sac with scenic greenbelt views behind, this expansive two-story home offers 5 generously sized bedrooms and 4 baths, including a spacious Primary Suite and a second bedroom with its own private bath conveniently located downstairs. A rod iron fence along the back enhances the view while preserving the natural beauty beyond. The J-swing design and Full 2-car Garage, complemented by a mini garage ideal for extra storage, provide both style and functionality. Inside, elegant flooring complements soaring high ceilings that enhance the open feel throughout the main living areas, while the Family Room captivates with a dramatic Stone Fireplace and stylish metal railings in place of traditional half walls overlooking both the living space and staircase. The Deluxe Kitchen package, complete with a wood vent hood, pot and pan drawers, stainless steel appliances, a gas cooktop, and a Double Oven, is anchored by a large island and walk-in pantry—perfect for any culinary enthusiast. A gas drop on the patio expands your grilling options outdoors, while a tankless water heater adds modern efficiency. Upstairs, the Game and Media rooms provide endless entertainment possibilities, all within a home nestled in a vibrant community that features four miles of hiking trails, a sparkling pool, and two beautifully maintained parks.
